

What is your target level? Use the level ladder to help you reach it:

To get level	You might:	AF2
3	<ul style="list-style-type: none"> Explain simply why the Hubble Space Telescope was built. State what made Hubble different from other telescopes. Describe how the HST works. 	3.1
		3.2
		3.3
4	<ul style="list-style-type: none"> Describe an advantage and a disadvantage of building the Hubble Space Telescope. Recognise some uses of the Hubble Space Telescope. Identify the types of scientists involved in building and using the HST. 	4.1
		4.2
		4.3
5	<ul style="list-style-type: none"> Describe two views about the HST in the interview. Indicate how the Hubble Space Telescope has affected the NASA scientists, astronomers around the world and the general public. Identify one ethical or moral issue in your interview. Link the Hubble Space Telescope to what we know about the Solar System and the Universe. 	5.1
		5.2
		5.3
		5.4
6	<ul style="list-style-type: none"> Describe how the decisions of the use of HST were made based on economic, social and cultural contexts. Explain the effect of the HST on society as a whole and the scientific community. Describe some evidence that the HST has provided for scientific questions. Identify some scientific questions that have come about since the HST has been used. Describe how aspects of science are applied in the development and use of HST. 	6.1
		6.2
		6.3
		6.4
